#### **Important Note for those patients who have dental insurance:**

It is our pleasure to assist you in maximizing your insurance benefits by submitting your dental claims for you. **Your range of benefits depends solely on what your employer decided to purchase.** Some plans cover as little as 30% or as much as 100% of dental services (less applicable deductibles, and plan maximums).

Some plans base the amount of benefit on a schedule of fees arbitrarily developed by insurance companies. For this reason, you may receive a lower percentage than the reimbursement level indicated in your dental plan. Your insurance company is responsible to you, and not to our office. However, we will assist you in any way we can to maximize your available benefits. Please review our Dental Insurance Information Disclaimer Policy for exact specifics. Any claims pending after 90 days become the responsibility of the patient and your balance due payable to us.
